

COFFEE GRINDER
PINION

The Pinion is ideal for professional users in need of a universal grinder for both espresso and coarse filter recipes. Equipped with a modular front holder, the Pinion accommodates portafilters as well as dosing cups and features a simple front dial to adjust grind sizes.

The Pinion’s powerful motor paired with 65mm flat discs produces impressive output at pleasantly low noise levels despite its compact footprint. Combined with easy service access and durable materials, the Pinion packs unbeatable value and versatility for its price.
